Cover Letter: Working Student Social Insights & Analytics (m/f/d)

We Are Era Berlin 2026-10-21

Dear We Are Era team,

I am applying for the Working Student position in Social Insights & Analytics. Turning data about digital audiences and creators into clear insights is a fresh area for me, and one where my analytics experience and curiosity would combine well.

I am an M.Sc. Data Science student at TU Ilmenau. Before moving to Germany I worked as a Business Analyst at Tapal Tea and in SAP data & analytics consulting at TallyMarks Consulting, building dashboards, data models and SQL-based reporting for business teams.

- **SQL and data quality,** I used SQL analysis, data validation and reconciliation to keep reporting accurate across HR, finance, supply chain and procurement
- **Power BI for leadership,** I built a Power BI dashboard for the CEO comparing monthly sales against the fiscal-year plan
- **Explaining to stakeholders,** I prepared and presented SAP Analytics Cloud to a client, who subsequently purchased it

In your team I would support research, analysis and reporting across projects, work with Excel and dashboards, and present findings clearly. I am new to the creator economy, so I would bring a fresh, data-driven perspective and learn the domain quickly.

I am available immediately for up to 20 hours per week and am happy to relocate to Berlin. I would be glad to discuss how I can contribute.

I work in English (IELTS 8.0) and am currently learning German (A1).
