(Willing to relocate)

PROFESSIONAL SUMMARY

M.Sc. Data Science student at TU Ilmenau with hands-on experience in **IT application support**: handled daily support tickets and user queries for around 30 SAP Analytics Cloud dashboards across HR, finance, supply chain and procurement. Background in SAP data modelling, SQL and Python, with four SAP Certified Associate certifications. Available immediately, up to 20 hours per week.

TECHNICAL SKILLS

- **IT & Support:** application support (ticket handling, user queries) | documentation | SAP S/4HANA Cloud (YPP training) | SAP Cloud Integration concepts
- **SAP & Analytics:** SAP Analytics Cloud | SAP Datasphere | ABAP CDS views | data modelling | SQL
- **Programming & Tools:** Python | Pandas | PyTorch | Excel (pivot tables, formulas) | PowerPoint | Power BI (basic)
- **Languages:** English C1 (IELTS 8.0) | German A1 (currently learning)

PROFESSIONAL EXPERIENCE

▷ **Business Analyst** **Apr 2026 - Sep 2026**
Tapal Tea (Pvt.) Ltd. - (Karachi, Pakistan)

- Handled **daily support tickets and user queries** for around 30 SAP Analytics Cloud dashboards across HR, finance, supply chain and procurement, including dashboards built by others
- Built a quality inspection dashboard in **SAP Analytics Cloud** on a data model built from ABAP CDS view data sources and joins, replacing a manual process of opening an SAP report per material for thousands of materials and compiling defect status in Excel
- Built an employee expense reimbursement dashboard in SAP Analytics Cloud
- Performed SQL analysis, ABAP CDS view validation and data reconciliation to support reporting accuracy
- Translated business requirements into KPI-based reporting and wrote complete documentation (data sources, calculations, results) for every dashboard I built

▷ **SAP Young Professionals Program (YPP)** **Aug 2025 - Sep 2025**
SAP Authorized Training Program - (Karachi, Pakistan)

- Selected as **one of 10 participants from Pakistan** for the SAP Young Professionals Program
- Completed intensive training on **SAP S/4HANA Cloud Public Edition** implementation, covering end-to-end business processes and system configuration
- Gained hands-on exposure to SAP Activate methodology, Fit-to-Standard workshops and cloud-based best practices
- Studied SAP Cloud Integration (CPI) concepts including message mappings, iFlows and integration scenarios

▷ **Management Trainee Officer, Data Planning & Analytics** **Jun 2025 - Apr 2026**
TallyMarks Consulting (TMC) - (Karachi, Pakistan)

- Part of a team migrating a textile manufacturer's **42 SAC dashboards from SAP BW to SAP Datasphere**
- Independently built the spinning dashboard end to end: investigated sources and dependencies, rebuilt the datasets in SAP Datasphere and rebuilt the SAC dashboard (OEE, machine efficiency and utilization, downtime, yield)
- Designed and implemented SAP Datasphere data pipelines connecting the required sources
- Prepared and presented a client presentation on SAP Analytics Cloud; the client subsequently purchased it

▷ **SAP Data Analyst Intern** **Jun 2024 - Aug 2024**
Tapal Tea (Pvt.) Ltd. - (Karachi, Pakistan)

- Analyzed company purchase data from SAP reports to uncover key trends and insights, improving procurement decision-making
- Developed interactive dashboards in **SAP Analytics Cloud** and Power BI, enabling real-time visualization of purchasing data and faster report generation
- Collected and refined user stories from employees to design customized dashboards that streamlined operational workflows and reduced manual data processing
- Wrote complex SQL queries to integrate company-wide data with SAC, enabling seamless data updates and minimizing reliance on manual extraction

EDUCATION

M.Sc. Data Science - *Technische Universität Ilmenau*, **Ilmenau, Germany** Oct 2026 - present
Courses: Bayesian Data Assimilation, Sequential Decision Making, Theoretical Foundations of Data Management

B.S. Artificial Intelligence - *FAST-NUCES*, **Karachi, Pakistan** 2021 - 2025
CGPA 3.49/4.00 (German grade equivalent: 1.7, converted)

CERTIFICATIONS

- SAP Certified Associate: SAP Analytics Cloud (Data Analyst) (2025)
- SAP Certified Associate: SAP Business Data Cloud (2025)
- SAP Certified Associate: SAP S/4HANA Cloud Public Edition, Implementation Consultant (2025)
- SAP Certified Associate: SAP Integration Developer (2025)
