Muhammad Rayyan Ahmed

M.SC. DATA SCIENCE STUDENT | SAP DATA & ANALYTICS

+49 179 6991596 | muhammad-rayyan.ahmed@tu-ilmenau.de | linkedin.com/in/rayyan--ahmed | kaggle.com/rayyan123z | Ilmenau, Germany

PROFESSIONAL SUMMARY

M.Sc. Data Science student at TU Ilmenau with professional experience in **SAP data modelling, SAP Datasphere, SAP Analytics Cloud and ABAP CDS views**, and a background in Python and machine learning. Four SAP Certified Associate certifications.

CORE COMPETENCIES

SAP Analytics Cloud | SAP Datasphere | ABAP CDS Views | Data Modelling | KPI Reporting | SQL | Data Reconciliation | Python

WORK EXPERIENCE

Tapal Tea (Pvt.) Ltd. Apr 2026 - Sep 2026

Business Analyst · Karachi, Pakistan

- Built a quality inspection dashboard in **SAP Analytics Cloud** on a data model built from **ABAP CDS view** data sources and joins, replacing a manual process of opening an SAP report per material for thousands of materials and compiling defect status in Excel
- Built a tea purchasing dashboard in SAP Analytics Cloud
- Handled daily support tickets and user queries for around 30 SAC dashboards across HR, finance, supply chain and procurement, including dashboards built by others
- Performed SQL analysis, ABAP CDS view validation and data reconciliation to support reporting accuracy
- Translated business requirements into KPI-based reporting and documented data sources, calculations and results for every dashboard I built

TallyMarks Consulting (TMC) Jun 2025 - Apr 2026

Management Trainee Officer, Data Planning & Analytics · Karachi, Pakistan

- Part of a team migrating a textile manufacturer's **42 SAC dashboards from SAP BW to SAP Datasphere**
- Independently built the spinning dashboard end to end: investigated sources and dependencies, rebuilt the datasets in SAP Datasphere and rebuilt the SAC dashboard (OEE, machine efficiency and utilization, downtime, yield)
- Designed and implemented SAP Datasphere data pipelines connecting the required sources
- Prepared and presented a client presentation on SAP Analytics Cloud; the client subsequently purchased it

PROJECTS

Retinal OCT Scan Classification

4-class classifier on a pretrained EfficientNet-B0; 94.11% accuracy on a 968-image test set.

PyTorch, EfficientNet-B0, OpenCV

Automated Cricket Highlights Generation B.S. Thesis

Team project. Created training data, tuned the EfficientNet-B0 model, tested EasyOCR for scoreboard extraction and built the highlight assembly pipeline.

PyTorch, OpenCV, EasyOCR, FFmpeg

EDUCATION

M.Sc. Data Science Technische Universität Ilmenau Oct 2026 - present

Ilmenau, Germany

Courses: Bayesian Data Assimilation, Sequential Decision Making, Theoretical Foundations of Data Management

B.S. Artificial Intelligence FAST-NUCES 2021 - 2025

Karachi, Pakistan

CGPA 3.49/4.00 (German grade equivalent: 1.7, converted)

CERTIFICATIONS

SAP Certified Associate: SAP Analytics Cloud (Data Analyst) SAP 2025

SAP Certified Associate: SAP Business Data Cloud SAP 2025

SAP Certified Associate: SAP S/4HANA Cloud Public Edition, Implementation Consultant SAP 2025

SAP Certified Associate: SAP Integration Developer SAP 2025

SKILLS

SAP & Analytics: SAP Analytics Cloud, SAP Datasphere, ABAP CDS views, SAP Business Data Cloud, data modelling, ETL, data pipelines, SQL

Programming & ML: Python, Pandas, NumPy, scikit-learn, PyTorch, OpenCV

Tools: Power BI (basic), Excel (pivot tables, formulas), PowerPoint, Matplotlib

Languages: English (fluent, IELTS 8.0 / C1), German (A1, learning)
