(Willing to relocate)

PROFESSIONAL SUMMARY

M.Sc. Data Science student at TU Ilmenau with a B.S. in Artificial Intelligence and hands-on experience **turning manual business processes into data-driven dashboards**. Works closely with business users to understand their daily workflows, translates pain points into practical solutions, and explains technical topics clearly to non-technical teams.

TECHNICAL SKILLS

- **Process & Analytics:** process analysis | requirements & user stories | KPI dashboards | SAP Analytics Cloud | SAP Datasphere | Power BI (basic) | SQL
- **AI & Programming:** Python | Pandas | scikit-learn | PyTorch | LLM fundamentals (B.S. AI) | ChatGPT & Claude (daily use)
- **Tools:** Excel (pivot tables, formulas) | PowerPoint | ABAP CDS views
- **Languages:** English C1 (IELTS 8.0) | German A1 (currently learning)

PROFESSIONAL EXPERIENCE

▷ **Business Analyst** — **Apr 2026 - Sep 2026**

Tapal Tea (Pvt.) Ltd. - (Karachi, Pakistan)

- Replaced a manual quality check (opening an SAP report per material for thousands of materials and compiling defect status in Excel) with a single **SAP Analytics Cloud dashboard** built on an ABAP CDS view data model
- Translated business requirements into **KPI-based reporting** for HR, finance, supply chain and procurement
- Handled daily support tickets and user queries for around 30 SAC dashboards across departments, including dashboards built by others
- Built an employee expense reimbursement dashboard in SAP Analytics Cloud
- Performed SQL analysis, data validation and reconciliation, and documented data sources and calculations for every dashboard I built

▷ **SAP Young Professionals Program (YPP)** — **Aug 2025 - Sep 2025**

SAP Authorized Training Program - (Karachi, Pakistan)

- Selected as **one of 10 participants from Pakistan** for the SAP Young Professionals Program
- Completed intensive training on **SAP S/4HANA Cloud Public Edition** implementation, covering end-to-end business processes and system configuration
- Gained hands-on exposure to SAP Activate methodology, Fit-to-Standard workshops and cloud-based best practices
- Studied SAP Cloud Integration (CPI) concepts including message mappings, iFlows and integration scenarios

▷ **Management Trainee Officer, Data Planning & Analytics** — **Jun 2025 - Apr 2026**

TallyMarks Consulting (TMC) - (Karachi, Pakistan)

- Prepared and presented a client presentation on **SAP Analytics Cloud**, explaining its value to non-technical stakeholders; the client subsequently purchased it
- Part of a team migrating a textile manufacturer's **42 SAC dashboards from SAP BW to SAP Datasphere**
- Independently built the spinning dashboard end to end: investigated sources and dependencies, rebuilt the datasets in SAP Datasphere and rebuilt the SAC dashboard (OEE, machine efficiency and utilization, downtime, yield)
- Designed and implemented SAP Datasphere data pipelines connecting the required sources

▷ **SAP Data Analyst Intern** — **Jun 2024 - Aug 2024**

Tapal Tea (Pvt.) Ltd. - (Karachi, Pakistan)

- **Collected and refined user stories from employees** to design customized dashboards that streamlined operational workflows and reduced manual data processing
- Developed interactive dashboards in **SAP Analytics Cloud** and Power BI, enabling real-time visualization of purchasing data and faster report generation
- Wrote complex SQL queries to integrate company-wide data with SAC, enabling seamless data updates and minimizing reliance on manual extraction

EDUCATION

M.Sc. Data Science - *Technische Universität Ilmenau*, **Ilmenau, Germany** — Oct 2026 - present

Courses: Bayesian Data Assimilation, Sequential Decision Making, Theoretical Foundations of Data Management

B.S. Artificial Intelligence - *FAST-NUCES*, **Karachi, Pakistan** — 2021 - 2025

CGPA 3.49/4.00 (German grade equivalent: 1.7, converted)

CERTIFICATIONS

- SAP Certified Associate: SAP Analytics Cloud (Data Analyst) (2025)
- SAP Certified Associate: SAP Business Data Cloud (2025)
- SAP Certified Associate: SAP S/4HANA Cloud Public Edition, Implementation Consultant (2025)
- SAP Certified Associate: SAP Integration Developer (2025)
