PROFESSIONAL SUMMARY

M.Sc. Data Science student at TU Ilmenau with a B.S. in Artificial Intelligence and **hands-on SAP product experience** (SAP Analytics Cloud, Datasphere, S/4HANA Cloud, SAP Young Professionals Program, four SAP Certified Associate certifications). Built and **evaluated an AI application (DocuMind)** and gathered user requirements as a Business Analyst.

TECHNICAL SKILLS

- **SAP products:** SAP Analytics Cloud | SAP Datasphere | SAP S/4HANA Cloud Public Edition | SAP Business Data Cloud | SAP Integration Suite (CPI) | ABAP CDS views
- **AI (projects):** RAG | Claude API | LLM evaluation | retrieval comparison | Python | FastAPI | Streamlit
- **Product & business:** user stories & requirements | KPI reporting | client presentations | documentation | PowerPoint | Excel
- **Languages:** English C1 (IELTS 8.0) | German A1 (currently learning)

PROFESSIONAL EXPERIENCE

▷ **Business Analyst** **Apr 2026 - Sep 2026**

Tapal Tea (Pvt.) Ltd. - (Karachi, Pakistan)

- Handled daily support tickets and user queries for around 30 SAC dashboards across HR, finance, supply chain and procurement, including dashboards built by others
- Translated business requirements into KPI-based reporting and documented data sources, calculations and results for every dashboard I built
- Built a quality inspection dashboard in **SAP Analytics Cloud** on a data model built from **ABAP CDS view** data sources and joins, replacing a manual process of opening an SAP report per material for thousands of materials and compiling defect status in Excel
- Performed SQL analysis, ABAP CDS view validation and data reconciliation to support reporting accuracy

▷ **SAP Young Professionals Program (YPP)** **Aug 2025 - Sep 2025**

SAP Authorized Training Program - (Karachi, Pakistan)

- Selected as **one of 10 participants from Pakistan** for the SAP Young Professionals Program
- Completed intensive training on **SAP S/4HANA Cloud Public Edition** implementation, covering end-to-end business processes and system configuration
- Gained hands-on exposure to SAP Activate methodology, Fit-to-Standard workshops and cloud-based best practices

▷ **Management Trainee Officer, Data Planning & Analytics** **Jun 2025 - Apr 2026**

TallyMarks Consulting (TMC) - (Karachi, Pakistan)

- Prepared and presented a client presentation on SAP Analytics Cloud; the client subsequently purchased it
- Part of a team migrating a textile manufacturer's **42 SAC dashboards from SAP BW to SAP Datasphere**
- Independently built the spinning dashboard end to end: investigated sources and dependencies, rebuilt the datasets in SAP Datasphere and rebuilt the SAC dashboard (OEE, machine efficiency and utilization, downtime, yield)

▷ **SAP Data Analyst Intern** **Jun 2024 - Aug 2024**

Tapal Tea (Pvt.) Ltd. - (Karachi, Pakistan)

- Collected and refined user stories from employees to design customized dashboards that streamlined operational workflows and reduced manual data processing
- Developed interactive dashboards in **SAP Analytics Cloud** and Power BI, enabling real-time visualization of purchasing data and faster report generation

PROJECTS

▷ **DocuMind: RAG Q&A over technical PDF manuals** *Personal project | github.com/Rayyan3079/documind-rag*

Built a RAG system that answers questions about PDF manuals with page citations; **91% correct** on a 22-question test set, refused all 4 unanswerable questions, 3.3 s median latency. **Hybrid retrieval** (BM25 + semantic, Reciprocal Rank Fusion) raised MRR from 0.748 to 0.898. Evaluation harness with hit rate, MRR and an LLM judge; 37 offline unit tests, CI and Docker.

Python, FastAPI, Streamlit, ChromaDB, BM25, Claude API, pytest, Docker, GitHub Actions

EDUCATION

M.Sc. Data Science - *Technische Universität Ilmenau*, **Ilmenau, Germany** Oct 2026 - present

Courses: Bayesian Data Assimilation, Sequential Decision Making, Theoretical Foundations of Data Management

B.S. Artificial Intelligence - *FAST-NUCES*, **Karachi, Pakistan** 2021 - 2025

CGPA 3.49/4.00 (German grade equivalent: 1.7, converted)

CERTIFICATIONS

- SAP Certified Associate: SAP Analytics Cloud (Data Analyst) (2025)
- SAP Certified Associate: SAP Business Data Cloud (2025)
- SAP Certified Associate: SAP S/4HANA Cloud Public Edition, Implementation Consultant (2025)
- SAP Certified Associate: SAP Integration Developer (2025)
